

FURTHER EDUCATION PROGRESS REPORT

Name: [REDACTED]

Age: 20

Photo:

Date of Birth: 3rd December, 1997

Current Course Studying: Bachelor's of Arts in Major English and Social work

College/University: St. Xavier's College, Maitighar, Kathmandu

Year Started: 2016

Year Finishing: 2019

What course are you planning to study next and at what college?

I plan to do a post graduate course after completing BA. I will take psychology as ^{my} major. After the PG course I plan to study criminology. as for the college, I haven't decided yet. I'll complete the PG course in Nepal only.

The Post graduate course is a year-long course. Master's in Criminology is a two-year long program.

What interests you most about your studies?

I love to study about human, human behaviour, problems that exists in society, beliefs that promote it. And the degree that I earn will help me serve the nation. If I pursue social work or criminology, I can help people and what interests do you have outside college? ~~country~~ this ~~helps~~ makes me want to study hard.

I love sports, music, writing articles/stories and reading novels.

Tell us a little about your family and what challenges you face:

I have five members in my family. My father was the only income source but after my sister completed her Bachelor's, she started working. But still we are not able to meet our basic needs. The loan that we took to build our house is also yet to be paid.

Do you work to support your studies? If so what work do you do?

No.
As my curriculum demands me to complete 250 hours of internship at certain organization, I haven't been able to make time for earning. However, in leisure time, I volunteer in the college library.

Career Aspirations:

To be a detective.

10th February, 2018

Do you have any ideas how you could pay forward for the scholarship if it is granted? This may be in the form of volunteering at St Xavier's school or contributing to a fund to help students in similar circumstances to yourselves in the future.

I have already implemented my plans in order to pay forward for the scholarship. I have been volunteering at the school in the past as well. When I was in grade 9 I helped with the after school ~~star~~ tuition classes. After I graduated from St. Xavier's Godavari, I volunteered for 2 months in the school helping with classes and office. After I completed my high school, I again volunteered in the school library.

I won't hesitate to volunteer in school. I ~~would~~ ^{will} gladly ~~to~~ come forward to help the school and needy people whenever necessary.

Please provide any other information that could be helpful for your grant application.

When my father was the only income source in our house, it was very difficult to meet the basic needs. My sister started working after she completed her Bachelor's degree. But still our monthly income is not able to meet our basic needs. The loan that we took five years ago in order to build our house is yet to be paid. We have been ~~is~~ sacrificing our extra needs in order to minimize expenses. I want to study hard, complete my studies and serve the nation. I want to earn and help my brother have a good education and help him pursue any degree he wants. If you were to provide me with this financial aid, I will be very blessed. I want to study and gain a good degree and my parents alone cannot do that because they have to support my brother and sister with their economy.

PLEASE ATTACH YOUR LATEST EXAM RESULTS

It is very important that you email the form to jmbeducationfund@gmail.com and the SXG Principal by end of November.
