Release Info:

WHOMP VOL. 1 is the debut release on the new label from WHOMP, the London-based non-profit event series founded by ANNX and co-run with Lora Mipsum. The label is a natural expansion of a party series rooted in London but reaching across the world — with collaborations spanning the Netherlands, Australia, and beyond over the last five years. In that time, WHOMP has raised over £18,000 for charity and this compilation celebrates their fifth anniversary.

The release spans progressive, psychedelic, trance, techno and tech house, featuring upcoming and established producers from Bristol, London, Berlin, New York, Paris, Copenhagen, Melbourne and Basel. It also includes an exclusive digital remaster of a previously vinyl-only track from Romanian 90s producer Raoul Russu.

Every artist on this compilation has kindly donated their track, and 100% of profits go directly to the JMB Educational Fund — a charity founded by ANNX's late grandfather, and the original catalyst for WHOMP's fundraising mission. The fund sponsors disadvantaged children into education in Nepal, a country still rebuilding community and resources following the 2015 earthquake.

Thank you to the artists, and thank you for your support.

Keep dancing to change lives.
